

**Masterson Method "Beyond Horse Massage"**  
**One Day Seminar** with Doris Bouchard

**\*Please note: the Masterson Method will be limited to 8 participants only**

"The Masterson Method" is an interactive method of body work in which you learn to recognize and use the responses of the horse to your touch. This technique will allow you to locate and release accumulated tension in the key junctions of the body that most affect performance. Areas to be covered will be the Poll, Neck, Shoulder and Pelvis.

**"Integrating Essential Oils into your Horse's Health Care Program"**  
**A Half Day Seminar** with Christine Merkel

Learn the basic differences of Essential Oils on the market today. Equine methods of application, layering of certain oils to help with immune support, balancing of the nervous system and parasite defense.

**"Equi-taping"**  
**A Half Day Seminar** with Christine Taylor

Kinesiology tape was invented over 30 year ago by Dr. Kenzo Case. Used on Olympic athletes, to control pain and muscle dysfunction. Tape is now being applied to our equine athletes to stabilize areas of the body having injury or dysfunction, enhance or inhibit muscle function and stimulate acupoints and meridians. Taping acts via the nervous system responses. Applications for specific horse problems will be taught.
